# Chairman's Statement

## Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present the Annual Report and Audited Financial Statements of Selensing PLC for the year ended 31st March 2018 and welcome you to the One Hundred and Eleventh Annual General Meeting of the Company.

## Discontinued Operations in Malaysia

The Company completed the sale of the Malaysian plantation assets and also distributed the net sale proceeds in the form of a share repurchase to the shareholders during the previous financial year with due approvals.

## Financial Performance

No dividend income was received from the Company's long term unquoted investment made in Indonesia through Shalimar Developments Sdn. Bhd., given the current performance of the global Oil Palm sector. The Indonesian plantations are currently recovering from the impact of low cropping arising from consecutive years of drought weather conditions.

Accordingly, your Company recorded a net profit after tax of Rs. 6.93 Mn for the year as compared to the profit of Rs. 323.49 Mn recorded in the previous financial year, which included a gain of Rs. 321.55 Mn from the sale of financial assets.

## Minimum Public Holding

As per Rule 7.13.1(a) of the Listing Rules of the Colombo Stock Exchange, a Listed Entity on the Main Board having a public holding below the specified requirement in terms of the said rules, has to ensure that the public holding of such entity is maintained at a defined public holding percentage of shares in the hands of a minimum number of 500 public shareholders. The Company does not at present satisfy the requirement relating to minimum public holding.

In this regard, I wish to highlight that the objective of the voluntary offer made to all shareholders in 2011 was to acquire the entire minority shareholding as a step towards the consolidation of the oil palm plantation business segment of Carsons group. The offer documents also mentioned that upon completion of the voluntary offer, the rationale for remaining listed will be evaluated. Since the voluntary offer did not result in the acquisition of the entire minority shareholding, the Company continued to remain listed.

Taking into consideration that a voluntary offer had been made and also considering that there is no requirement for additional capital infusion to the Company and resultantly, there being no plans for issuing of new shares nor a dilution by the majority shareholder, and as previously

## **Chairman's Statement**

communicated to shareholders through market disclosures and Annual Reports, the Company would not be in compliance with the said requirements and we would report on the proposed course of action in consultation with the regulator.

On behalf of the Board of Directors of the Company, I extend our appreciation to the shareholders for their continued support and confidence placed in the Directors and to all our business associates. I am thankful to our management and staff for their hard work and dedication. I take this opportunity to thank Mr. C. Tissera who resigned from the Board during the year under review, for the services rendered to the Company. I also warmly welcome Mr. S.N. Alles to the Board of the Company. Last but not least, I would like to thank my fellow Board Members for their support and guidance provided throughout the year, and to the members of the Audit Committee, Remuneration Committee and Related Party Transactions Review Committee for their invaluable efforts.

# Review of Industry and Operational Performance

## Review of Operations

As disclosed to the shareholders and to the market via circulars and also annual financial statements, with due approval from shareholders and regulatory authorities of Malaysia and Sri Lanka, the Company completed the sale of the Malaysian plantation assets and also distributed the net sale proceeds to the shareholders during the previous financial year.

The operations of the Company now consist of the equity investment made in Indonesia (PT Agro Indomas) through Shalimar Developments Sdn. Bhd. (SDSB) and the shares held in Shalimar (Malay) PLC (SMPLC).

The Indonesian investment, PT Agro Indomas is managed through the group's fully owned management arm in Indonesia. PT Agro Indomas consists of 26,981 hectares of plantation with processing facilities of 225 MT/hr within the plantations. Statistics pertaining to the operating performance of the Indonesian Investment, PT Agro Indomas is provided in this annual report in section 7 under "Information to Shareholders and Investors" on pages 70 to 71.

The Investment in SDSB is recorded in the financial statements at fair value as determined by an independent professional valuer as more fully explained in Note 9 to the financial statements.

The Company has not received any dividend from its investment in SDSB during the year under review. The only source of revenue is now confined to the interest income earned from the short term deposits. Accordingly, the Company recorded a profit after tax of Rs. 6.93 Mn from operations during the year under review compared to the profit of Rs. 323.49 Mn recorded in the previous financial year. It should be noted that the previous financial year's results included the profits from the plantation operations and the sale of plantation assets. Accordingly, no dividend has been proposed for the year under review.

# Risk Management

The Company's overall risk management objective is to ensure that it creates value to its Shareholders, whilst minimizing any potential adverse impact. The established risk management framework is aligned to that of its parent company and Board approved policies and guidelines.

The integrated risk framework ensures prevention and early detection of risks as well as exploitation of opportunities contributing to a sustainable business model. The risks are continuously reviewed and managed through the anticipation and deployment of effective corrective actions.

As noted in the last year's Annual Report, the Company disposed of its plantation property in Malaysia during the previous financial year. Accordingly, the risks associated with the plantation business segment as disclosed in previous annual reports will no longer be applicable.

## Continuing Business Segment

The continuing business of the Company consists of the (i) equity investment made in Shalimar Development Sdn. Bhd. (SDSB) and (ii) shares held in Shalimar (Malay) PLC. SDSB owns shares in PT Agro Indomas of Indonesia, which is in the Oil Palm Plantation business. The Company's only source of operating income going forward will be any potential dividend income it may earn from its long term investments. The performance of the investments (both the investment value and the returns) are subject to the following key risks.

### (a) Investment Income Risk

#### i. Commodity Price Risk

The price of Crude Palm Oil (CPO), the main produce of PT Agro Indomas, is determined by international market forces. The price of CPO is volatile along with the movements in the global commodities market. The sale of CPO is the prime source of cash inflow for PT Agro Indomas. Therefore, any volatility in CPO prices will have a direct impact on the

operating results and cash flows of PT Agro Indomas and its ability to pay dividends.

#### ii. Environmental Risk

Unfavourable weather patterns, resulting in extreme conditions impacting palm growth, natural and man made disasters such as fire and potential crop disease could affect the quantity and/or quality of the produce. Accordingly, this can impact the volume of CPO production, and therefore, the operating results and cash flows generated by the investee companies and its ability to pay dividends.

#### (b) Investment Valuation Risk

The value of the investments in the investee companies are stated at fair value and are assessed by an independent professional valuer using the discounted cash flows methodology. Some of the key assumptions which impact the valuation include the forecasted international selling price of CPO and the applicable market discount rate, both of which are beyond the control of the Company. While adequate measures are taken to manage the controllable input of the valuation assumptions, volatility in external environment and industry dynamics such as weather patterns and biological cycles together with macro economic and political factors including inflation rates, also can result in fluctuations in the appraised fair value of the investments in the financial statements.

#### (c) Foreign Exchange Risk

A currency risk is generated through the translation of foreign currency denominated investment to Sri Lankan Rupee for the purpose of financial reporting in Sri Lankan Rupees.

### 24. Annual Report

The Board of Directors on 23rd April 2018, approved the Company's Financial Statements together with the Reviews which form part of the Annual Report. The appropriate number of copies of the report would be submitted to the Colombo Stock Exchange, Sri Lanka Accounting and Auditing Standards Monitoring Board and the Registrar General of Companies within the given time frames.

### 25. Internal Control and Risk Management

The Board is responsible for the establishment of the Company's internal controls and its effectiveness. Internal control is established so as

to safeguard the assets, prevent and detect frauds and irregularities and to make available, accurate and timely information. However, any system can provide only reasonable and not absolute assurance that errors and irregularities are prevented or detected within a reasonable time frame. The Board is of the view that the system of internal controls in place is sound and adequate to provide reasonable assurance. The Group's internal audit division plays an important role in assessing the effectiveness and the implementation of the internal control system. Further, the Audit Committee receives reports on the adequacy and effectiveness of the Company's internal control. The Board is also conscious of the risks and has identified and listed out the risks profile as given on page 4 of this Annual Report. Management will continue to monitor and manage these risks on a continuous basis.

### 26 Annual General Meeting

The Audit Committee consists of the following Members :

Audit Committee Members	Executive/ Non-Executive/ Independent
Mr. V.P. Malalasekera	Non-Executive/ Independent (CCPLC)
Mr. D.C.R. Gunawardena	Non-Executive (CCPLC)
Mr. F. Mohideen	Non-Executive/ Independent (CCPLC)

Mr.V.P. Malalasekera is a Non-Executive, Independent Director of CCPLC and a former Director of Ceylon Tobacco Company PLC.

Mr.D.C.R. Gunawardena is a Non-Executive Director of CCPLC and in most of its Group Companies. He is a Fellow of the Chartered Institute of Management Accountants, U.K.

Mr.F. Mohideen, a Non-Executive, Independent Director of CCPLC, was a former Deputy Secretary to the Treasury and a former Director of Bank of Ceylon and Securities and Exchange Commission of Sri Lanka.

The Company completed the sale of the Malaysian plantation assets during the previous financial year and the net proceeds were distributed to the shareholders. The Company's sole business is now holding and managing an investment portfolio.

The audit aspects of Selinsing PLC are conducted within the Agenda of CCPLC - Audit Committee.

## Meetings of the Audit Committee

CCPLC-Audit Committee held Three (03) Meetings during the financial year to discuss matters relating to the Company and where necessary, the approval of the Members was also sought, via circulation of papers.

The attendance of the Members of the Committee was as follows:

	Meetings Attended (out of 03)
Mr. V.P. Malalasekera	03
Mr. D.C.R. Gunawardena	03
Mr. F. Mohideen	03

The Audit Committee Meetings were attended by the Group Head of Finance, Senior Financial Controller, Head of Control Assurance, as well as the Senior Management staff members.

The Committee met the External Auditors, Messrs.Ernst & Young twice during the year to discuss the audit scope and to deliberate the draft Financial Report and Accounts. The Audit Committee also discussed the draft Financial Report and Accounts with the External Auditors, without the management being present.

## Purpose of the Audit Committee

To assist the Board of Directors in fulfilling its oversight responsibilities for the financial reporting process, the system of internal control over financial reporting, the audit process and the Company's process

for monitoring compliance with laws and regulations, Company policies and procedures and the code of conduct.

To ensure that the internal audit activity is well managed, so that it adds value to the organization by being objective in providing relevant assurance, contributing to the effectiveness and efficiency of governance, risk management and control processes.

### Financial Statements

The interim financial statements of Selinsing PLC have been reviewed by the Audit Committee Members. The draft financial statements of Selinsing PLC for the year ended 31st March 2018 were also reviewed at a meeting of the Audit Committee Members, together with the External Auditors, Messrs. Ernst & Young, prior to release of same to the Regulatory Authorities and to the shareholders.

The Audit Committee Members were provided with confirmations and declarations as required, by the Managers, Agro Harapan Lestari (Private) Limited that the said financial statements were prepared in accordance with the Sri Lanka Accounting Standards (SLFRS/LKAS) and the information required by the Companies Act No. 7 of 2007 therein and presented a true and fair view of the Company's state of affairs as at that date and the Company's activities during the year under review.

### Internal Audit

In accordance with the recommendation of the Audit Committee, the financial audits are carried out annually, whilst no field audits at estate level were carried out since the Plantation was sold during the financial year 2016/2017.

### Performance of the Investments held by the Company

The Company's investments in PT Agro Indomas (PTAI), held through Shalimar Developments Sdn Bhd is managed by the group's (GAHL) fully owned management arm in Indonesia, PT Agro Harapan Lestari. GAHL's Audit Committee covers audit obligations over Indonesian plantation operations incorporated in Indonesia, including PTAI

### External Audit

The Members of the Audit Committee have determined that Messrs. Ernst & Young, Chartered Accountants were independent on the basis that they did not carry out any special assignment on the operations of the Company. The Committee has reviewed the external audit plan and followed up on issues raised.

The Members of the Audit Committee have concurred to recommend to the Board of Directors the re-appointment of Messrs. Ernst & Young, Chartered Accountants, as Auditors for the financial year ending 31st March 2019, subject to the approval of the shareholders of Selinsing PLC at the Annual General Meeting.

# Related Party Transactions Review Committee Report

In accordance with the Colombo Stock Exchange Listing Rules, the Related Party Transactions Review Committee (RPTRC) of Carson Cumberbatch PLC (CCPLC), the Parent Company of Goodhope Asia Holdings Limited, functions as the RPTRC of the Company.

The Company completed the sale of the Malaysian plantation assets during the previous financial year and the net proceeds were distributed to the shareholders. The Company's sole business is now holding and managing an investment portfolio.

## Composition of the Committee

The Members of the RPTRC are as follows :

1. Mr.V. P. Malalasekera (Chairman) - Non-Executive/Independent Director of CCPLC
2. Mr. F. Mohideen - Non-Executive/Independent Director of CCPLC
3. Mr. D. C. R. Gunawardena - Non-Executive Director of CCPLC
4. Mr. H. Selvanathan - Executive Director of CCPLC
5. Mr. M. Selvanathan - Executive Director of CCPLC
6. Mr. S. K. Shah - Executive Director of CCPLC

## Meetings of the Related Party Transactions Review Committee

CCPLC-RPTRC held Four (04) Meetings during the financial year and where necessary the approval of the Members was also sought via circulation of papers.

The attendance of the Members at Committee Meetings was as follows:

Meetings attended (out of 04)	
Mr.V.P. Malalasekera	04
Mr.F. Mohideen	03
Mr.D.C.R. Gunawardena	04
Mr.H. Selvanathan	02
Mr.M. Selvanathan	04
Mr.S.K. Shah	03

## Purpose of the Committee

The objective of the RPTRC is to review all Related Party Transactions (RPTs) of the Listed Companies of the Carsons Group, other than those exempted by the 'Related Party Transactions Compliance Code' (RPT Code), prior to the transaction being entered into or, if the transaction is expressed to be conditional on such review, prior to the completion of the transaction.

## Policies and procedures

- The RPTRC reviews the relevant Related Party Transactions of the Listed Companies of the Carsons Group and where the Committee decides that the approval of the Board of Directors of the respective Companies are necessary to approve a Related Party Transaction, such Board approval is obtained prior to entering into the relevant Related Party Transaction.
- When reviewing a transaction, the RPTRC would decide whether the proposed transaction is carried out on an arm's length basis irrespective of whether it is recurrent or non-recurrent in nature.

- Reviewing and approval would be either by meeting of members (subject to quorum being present) or by circulation.
- In determining whether to obtain the approval of the Board of Directors for a Related Party Transaction, the RPTRC will take into account, among other factors it deems appropriate, whether the proposed RPTs pose a conflict of interest to the Directors.

The self-declarations from the Directors and Key Management Personnel are obtained for the purpose of identifying parties related to them. Further, the guidelines which senior management must follow in routing Related Party Transactions to the relevant forum, including transaction threshold values and pricing where applicable, have been documented even in the case of once approved recurrent transactions which are of operational nature, which as per the RPT code need not be repeatedly approved if within the broad thresholds.

The RPTRC in discharging its function endeavours to ensure that :

- there is compliance with the Code;
- shareholder interests are protected; and
- fairness and transparency are maintained.

The Committee has a criteria for designating Carsons Group Key Management Personnel (KMP) and quarterly disclosures are made by the KMPs so designated, as relevant.

The Related Party Transactions of the Company for the period 1st April 2017 to 31st March 2018 have been reviewed by the Members of the RPTRC and the comments and observations of the Committee have been communicated to the Board of Directors of the Company.

## TO THE SHAREHOLDERS OF SELINSING PLC Report on the audit of the financial statements

### Opinion

We have audited the financial statements of Selinsing PLC ("the Company"), which comprise the statement of financial position as at 31 March 2018, and the statement of profit or loss, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 March 2018 and its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

### Basis for opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards ("SLAuSS"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by The Institute of Chartered Accountants of Sri Lanka ("Code of Ethics") and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance

in the audit of the financial statements of the current period. These matters were addressed in the context of the audit of the financial statements as a whole, and in forming the auditor's opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

### Valuation of unquoted Available-for-Sale Financial Assets

The Company's unquoted available-for-sale financial assets consists of unquoted equity investment in investment holding company, of which fair value is Rs. 5,604.58 Mn at the reporting date. The fair value of unquoted available-for-sale financial assets were derived based on adjusted net assets basis, which was very much dependent on the fair value of the palm oil plantation held by PT Agro Indomas. We determined valuation of unquoted available-for-sale financial assets as key audit matter due to use of valuation techniques, highly subjective and sensitive assumptions such as crude palm oil price ("CPO"), discount rate and yield per hectare and significant unobservable inputs, as further disclosed in notes 3, 9 and 21 to the financial statements.

## Independent Auditors' Report

Our audit procedures included among others:

- Assessment of the objectivity, independence and expertise of the management's external expert engaged for the valuation;
- Engagement of our internal expert to evaluate the appropriateness of the significant assumptions and methodologies used by management's external expert, in particularly those relating to CPO, discount rate and yield per hectare and
- We further evaluated the adequacy of the related disclosures in the notes 3, 9 and 21.

### Other information included in the Company's 2017/18 Annual Report

Other information consists of the information included in the Annual Report, other than the financial statements and our auditor's report thereon. The Management is responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Management and Those charged with governance for the Financial Statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as

management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SLAuSs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on other legal and regulatory requirements**

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Company.

The Institute of Chartered Accountants of Sri Lanka membership number of the engagement partner responsible for signing this independent auditor's report is 2440.

# Notes to the Financial Statements

## 1. CORPORATE INFORMATION

### 1.1 General

Selinsing PLC (“Company”) is a public quoted company with limited liability, incorporated and domiciled in Sri Lanka. The registered office of the Company is located at No. 61, Janadhipathi Mawatha, Colombo 01.

### 1.2 Principal Activities and Nature of Operations

The principal activity of the Company is managing and holding of an investment portfolio. The Company has sold Malaysian plantation assets during the previous financial year and consequently exited from the Oil Palm Plantation business segment.

### 1.3 Parent Entity and Ultimate Parent Entity

The Company’s parent entity is Goodhope Asia Holdings Limited incorporated in Singapore. In the opinion of the directors, the Company’s ultimate parent undertaking and controlling party is Bukit Darah PLC which is incorporated in Sri Lanka.

### 1.4 Date of Authorization for Issue

The Financial Statements of Selinsing PLC for the year ended 31 March 2018 was authorized for issue in accordance with a resolution of the board of directors on 23rd April 2018.

## 2. SIGNIFICANT ACCOUNTING POLICIES

### 2.1 General Accounting Policies

#### 2.1.1 Statement of Compliance

The Financial Statements of Selinsing PLC comprises the Statement of Financial Position and the Statement of Profit or Loss, Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows, together with the Accounting Policies and Notes to the Financial Statements.

These financial statements are prepared in accordance with the Sri Lanka Accounting Standards comprising SLFRS and LKAS (hereafter “SLFRS”) as issued by the Institute of Chartered Accountants of Sri Lanka, and also in compliance with the requirements of the Companies Act No. 07 of 2007.

#### 2.1.2 Basis of Preparation

The Financial Statements of the Company have been prepared in accordance with Sri Lanka Accounting Standards (SLFRS and LKAS) as issued by Institute of Chartered Accountants of Sri Lanka.

The Financial Statements have been prepared on a historical cost basis, except for the following material items in the statement of Financial Position;

- Available-for-sale financial assets are measured at fair value.

## Notes to the Financial Statements

### 2.1.3 Comparative Figures

Certain comparative figures have been reclassified in order to conform to the presentation for the current period. Such reclassifications were made to improve the quality of presentation and do not affect previously reported profit or equity.

## 2.2 Changes in Accounting Policies and Disclosures

### 2.2.1 New and Amended Standards and Interpretations

The accounting policies adopted are consistent with those of the previous financial year.

### 2.2.2 Standards, Amendments and Interpretation issued but not yet effective

The following new accounting standards, amendments and interpretations that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these new accounting standards, amendments and interpretations, if applicable, when they become effective.

#### (a) SLFRS 9 - Financial Instruments: Classification and Measurement

SLFRS 09 establish principles for the financial reporting of financial assets and financial liabilities that will present relevant and useful information to users for assessment of amount, timing and uncertainty of entity's future cash flows.

This standard is effective for annual periods beginning on or after 01 January 2018.

#### (b) SLFRS 15 - Revenue from Contracts with Customers

SLFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including LKAS 18 Revenue, LKAS 11 Construction Contracts and IFRIC 13 Customer Loyalty Programmes.

This standard is effective for the annual periods beginning on or after 01 January 2018.

#### (c) SLFRS 16 – Leases

SLFRS 16 eliminates the current dual accounting model for lessees which distinguishes between On-Balance Sheet finance leases and Off-Balance Sheet operating leases. Instead there will be a single On-Balance Sheet accounting model that is similar to current finance lease accounting.

SLFRS 16 is effective for annual Reporting periods beginning on or after January 01, 2019.

The Company does not expect significant impact on its Financial Statements resulting from the application of the above Standards.

## 2.3 Summary of Significant Accounting Policies

### 2.3.1 Conversion of Foreign Currencies

#### (a) Presentation Currency

The Financial Statements are presented in Sri Lanka Rupees.

**(b) Investment Operations in Sri Lanka**

The functional currency of the investment operations in Sri Lanka is Sri Lanka Rupees. Transactions in foreign currencies are initially translated into functional currency using the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies as at the reporting date are translated at the functional currency rate of exchange ruling at that date. The exchange differences arising on translation are taken to the Statement of Profit or Loss.

or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

The Company's financial assets include bank balances, short-term deposits and available-for-sale financial assets.

**Subsequent Measurement**

The subsequent measurement of financial assets depends on their classification as follows:

### 2.3.2 Financial Instruments — Initial Recognition and Subsequent Measurement

**Financial Assets****Initial Recognition and Measurement**

Financial assets within the scope of LKAS 39 are broadly categorised as financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, available-for-sale financial assets, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The Company determines the classification of its financial assets at initial recognition. All financial assets are recognised initially at fair value plus (in the case of assets not at fair value through profit or loss) directly attributable transaction costs. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation

**(a) Loans and Receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the Statement of Profit or Loss.

**(b) Available-for-Sale Financial Assets**

Available-for-sale financial assets include equity investments. Equity investments classified as available-for-sale are those, which are neither

## Notes to the Financial Statements

classified as held for trading nor designated at fair value through profit or loss.

After initial measurement, available-for-sale financial assets are subsequently measured at fair value with unrealised gains or losses recognised as comprehensive income in the available-for-sale financial assets reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in other operating income, or determined to be impaired, at which time the cumulative loss is reclassified to the Statement of Profit or Loss under impairment losses on available-for-sale financial assets .

### Cash and Cash Equivalents

Cash and Cash Equivalents in the Statement of Financial Position comprise cash at banks and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of bank balance and short-term deposits with a maturity of three months or less.

### De-recognition

A financial asset is de-recognised when:

- The rights to receive cash flows from the asset have expired

- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of it, the asset is recognised to the extent of the Company's continuing involvement in it.

### Impairment of Financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset is impaired. A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset that can be reliably estimated.

**Available-for-sale Financial Assets**

For available-for-sale financial assets, the Company assesses at each reporting date whether there is objective evidence that an investment or a group of investments is impaired.

In the case of equity investments classified as available-for-sale, objective evidence would include a significant or prolonged decline in the fair value of the investment below its cost. 'Significant' is evaluated against the original cost of the investment and 'prolonged' against the period in which the fair value has been below its original cost. When there is evidence of impairment, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognised in the Statement of Profit or Loss is removed from other comprehensive income and recognised in the Statement of Profit or Loss. Impairment losses on equity investments are not reversed through profit or loss; increases in their fair value after impairment are recognised directly in other comprehensive income.

**Fair Value of Financial Instruments**

The fair value of financial instruments that are traded in active markets at each reporting date is determined by reference

to quoted market prices or dealer price quotations (bid price for long positions and ask price for short positions), without any deduction for transaction costs. For financial instruments not traded in an active market, the fair value is determined based on income approach that estimates the fair value by discounting projected cash flows in a discrete projection period to present value.

**Financial Liabilities****Initial Recognition and Measurement**

Financial liabilities within the scope of LKAS 39 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs. The Company's financial liabilities include other payables.

**Subsequent Measurement**

The subsequent measurement of financial liabilities depends on their classification as follows:

**Other Payables**

Liabilities are recognised for amounts to be paid in the future for

## Notes to the Financial Statements

assets or services received, whether billed by the supplier or not. The financial liabilities are subsequently measured at amortised cost using the (Effective Interest Rate) EIR method.

### De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

### 2.3.3 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as finance cost.

### 2.3.4 Income

#### Gains and Losses

Net gains and losses of a revenue nature arising from the disposal of other non-current assets, are accounted in the Statement of Profit or Loss, after deducting the carrying

amount from proceeds on disposal of such assets and the related selling expenses.

#### Interest Income

Interest income is recorded as it accrues using the effective interest method.

#### Dividend Income

Dividend income is recognised when the Company's right to receive the payments is established.

#### Others

Other income is recognized on an accrual basis.

### 2.3.5 Expenditure Recognition

Expenses are recognised in the statement of profit or loss on the basis of a direct association between the cost incurred and the earning of specific items of income. All expenditure incurred in the running of the business has been charged to the Statement of Profit or Loss.

For the purpose of presentation of the Statement of Profit or Loss, the Directors are of the opinion that "function of expenses" method presents fairly the elements of the Company's performance, and hence such presentation method is adopted.

#### Others

Other expenses are recognized on an accrual basis.

### 2.3.6 Taxation

#### (a) Current Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Liability to taxation of the Company is made after claiming relief available in terms of the Double Taxation Agreement entered into between the Governments of Malaysia and Sri Lanka.

#### (b) Deferred Taxation

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all temporary differences, except:

- Where the deferred tax liability arises from an asset or liability in a transaction that affects neither the accounting profit nor the taxable profit.

Deferred tax assets are recognized for all deductible differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- Where the deferred tax assets relating to deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that affects neither the accounting profit nor the taxable profit.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the deferred tax assets to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

## Notes to the Financial Statements

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the assets are realized or the liabilities are settled, based on tax rates and tax laws that have been enacted or substantially enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit or Loss is recognised outside the Statement of Profit or Loss. Deferred tax items are recognised in correlation to the underlying transaction either in the Statement of Profit or Loss or Statement of Other Comprehensive Income.

### 2.3.7 Current versus Non-Current Classification

The Company presents assets and liabilities in the Statement of Financial Position based on current/non-current classification. An asset is classified as current when it is:

- Expected to be realised or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

### 2.3.8 Fair Value Measurement

The Company measures equity instruments at fair value at each reporting date. Fair value related disclosures for financial instruments are summarised in the following notes:

	<b>Note</b>
Disclosures for valuation methods, significant estimates and assumptions	Note 9
Quantitative disclosures of fair value measurement hierarchy	Note 21
Investment in unquoted equity shares	Note 9
Financial instruments	Note 21

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets for which fair value is measured or disclosed in the Financial Statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

## Notes to the Financial Statements

For assets that are recognised in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of unquoted investments. Involvement of external valuers is decided upon annually by the Management after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Management analyses the movements in the values of assets which are required to be remeasured or reassessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset with relevant external sources to determine whether the change is reasonable.

The Management presents the valuation results to the Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

For the purpose of fair value disclosures, the Company has determined classes of assets on the basis of the nature, characteristics and risks of the asset and the level of the fair value hierarchy as explained above.

### 2.3.9 Discontinued Operations

Discontinued operations are excluded from the results of continuing operations and are presented separately in the statement of profit or loss.

### 2.3.10 Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. All operating segments' operating

results are reviewed regularly by the senior management to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the senior management and board of directors include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

### 3. **SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS**

The preparation of the Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

The estimates and underlying assumptions are reviewed regularly. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period or in

the period of the revision and future periods, if the revision affects both current and future.

#### **Impairment of Available-for-Sale Financial Assets**

The Company treats available-for-sale financial assets as impaired when there has been a significant or prolonged decline in fair value below its cost or where other objective evidence of impairment exists. The determination of what is “significant” or “prolonged” requires considerable judgment. The Company treats “significant” generally as 20% or more and ‘prolonged’ greater than six (6) months. In addition, the Company evaluates other factors, including normal volatility in share price for quoted equities and the future cash flows and the discount factors for unquoted equities. Further details on available-for-sale financial assets are disclosed in Note 9.

#### **Deferred Taxes**

Deferred tax liability is recognised for fair value gain on unquoted available-for-sale financial assets at the rate of 10% considering unquoted available-for-sale financial assets as investment assets for income tax purposes. If the Company categorise unquoted available-for-sale financial assets as capital assets for income tax purposes, deferred tax liability would have been recognised at the rate of 28%. Further details on deferred taxes are disclosed in Note 5.

## Notes to the Financial Statements

### Fair Value Measurement of Available-for-Sale Financial Assets

The Company engaged an independent valuation specialist to assess fair value of unquoted equity shares as at 31 December 2017 and 31 December 2016. The primary approach adopted was the income approach using discounted cash flow method. A degree of judgment is required in establishing fair value and changes in assumptions could affect the reported fair value. The key assumptions used to determine the fair value of the unquoted equity shares and sensitivity analyses are provided in Notes 9 and 21.

### Going Concern

The Company's management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on a going concern basis.

#### 9.1.a Available-for-Sale Financial Assets — Unquoted Equity Shares

The Company holds a 13.33% equity investment (2017: 13.33%) in Shalimar Development Sdn. Bhd. (SDSB), an investment holding company incorporated in Malaysia. The sole equity investment of SDSB is in PT Agro Indomas (PTAI), an oil palm plantation company based in Indonesia, in which it has a controlling interest. The Company has designated its investment in SDSB as an available-for-sale financial assets, and is measured at fair value, the basis of which is detailed in Note 9.2 below.

#### 9.1.b Available-for-Sale Financial Assets — Quoted Equity Shares

The Company holds a non-controlling interests of 10.73% (2017: 10.73%) in Shalimar (Malay) PLC. The fair value of the said investment is determined by reference to published price quotations in Colombo Stock Exchange. In 2017, the Company sold 165,552 shares held in Shalimar (Malay) PLC consequent to the repurchase offer made by that company.

#### 9.2 Fair Value of Unquoted Equity Shares

The Company obtained the services of PricewaterhouseCoopers Advisory Services Sdn. Bhd., Malaysia (PwC) to carry out an independent indicative fair market valuation of the equity interest in the unquoted investment in SDSB as at valuation date of 31 December 2017. The primary approach adopted was income approach. The fair market valuation of the equity interest in the unquoted investment in SDSB was derived using adjusted net assets basis, which was very much dependent on the fair value of the palm oil plantation held by PTAI. The fair market valuation of the equity interest in the unquoted investment of SDSB in PTAI was derived using discounted cash flows method.

The fair value of the equity investment of SDSB in PTAI has been valued based on the following key assumptions/bases:

- (a) Estimated economic life of the oil palm plantations of PTAI is 26 years (including the immature period).
- (b) Consider one planting cycle (i.e. no replantation at the end of the economic life).
- (c) Yield per hectare based on year of planting, maturity profile and terrain.
- (d) CPO ex-mill prices are projected at USD 562/MT and stabilise at USD 628/MT.
- (e) Weighted average cost of capital (WACC) of 11.5%.
- (f) Indonesian corporate taxation rate at 25% p.a.
- (g) Inflation assumed approximately 4.8% p.a.

### 9.3 Sensitivity of the Key Assumptions

The significant unobservable inputs used in the above fair value measurement categorised within level 3 of the fair value hierarchy (Note 21) together with a quantitative sensitivity analysis are shown below:

The below values are based on 13.33% equity stake in SDSB and base case is at WACC of 11.5%.

## 20. FINANCIAL RISK MANAGEMENT

### Objectives and Policies

The Company's principal financial assets include bank balances and short-term deposits that derive directly from its operations. The Company also holds available-for-sale financial assets. The Company's principal financial liabilities comprise other payables.

The Company is exposed to market risk, credit risk and liquidity risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

**(a) Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk of the Company comprises interest rate risk, foreign currency risk and equity price risk.

**(b) Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Company is not exposed to interest rate risk as there are no financial assets and financial liabilities with floating interest rates at the reporting date.

**(c) Foreign Currency Risk**

Foreign currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. The Company is not exposed to foreign currency risk as there are no foreign currency denominated financial assets and financial liabilities at the reporting date.

## Notes to the Financial Statements

### (d) Equity Price Risk

The Company's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the equity price and key assumptions used to fair value listed and unlisted equity securities respectively.

At the reporting date, the unlisted equity security is fair valued at Rs. 5,605 Mn (2017: Rs. 5,374 Mn). Sensitivity analysis of this investment has been provided in Note 9.

The following table demonstrates the sensitivity of the cumulative changes in fair value to reasonably possible changes in equity prices, with all other variables held constant. The effect of decreases in equity prices is expected to be equal and opposite to the effect of the increases shown.

	Change in Equity Price 2018	Effect on Equity 2018 Rs. '000	Change in Equity Price 2017	Effect on Equity 2017 Rs. '000
Quoted Equity Shares				
Shalimar (Malay) PLC	+10%	86,776	+10%	100,041

### (e) Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company is exposed to credit risk primarily from its deposits with Banking Institutions. The Company seeks to limit its credit risk with respect to banks by dealing with reputable banks.

With respect to credit risk arising from the financial assets of the Company, the Company's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments as follows:

	2018 Rs. '000	2017 Rs. '000
Bank Balances	8,883	11,060
Short-term Deposits	104,510	98,406
	<b>113,393</b>	109,466

**(f) Liquidity Risk**

Liquidity risk is the risk that the Company will not be able to meet obligations as they fall due. The table below summarises the maturity profile of the Company's undiscounted financial liabilities at 31 March, based on contractual payment dates.

	<b>2018</b>	2017
	<b>Less than 3 months</b>	Less than 3 months
	<b>Rs. '000</b>	Rs. '000
Other Payables	<b>37,278</b>	38,963
	<b>37,278</b>	38,963

**(g) Capital Management**

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance.

The Company makes adjustments to its capital structure, in light of changes in economic and business conditions. To maintain or adjust the capital structure, the Company may issue new shares or adjust dividend payments to shareholders. No changes were made in the objectives, policies or processes during the year ended 31 March 2018 and 2017.

Capital, which includes stated capital, available-for-sale financial assets reserve and retained earnings is measured at Rs. 6,523 Mn as at 31 March 2018 (2017: Rs.6,442 Mn).

**21. FAIR VALUE MEASUREMENT**

Financial instruments comprise of financial assets and financial liabilities. Financial assets consist of bank balances, short-term deposits and available-for-sale financial assets.

Financial liabilities consist of other payables.

The following table provides the fair value measurement hierarchy of the Company's assets which are stated at Fair value.
